

Cornerstone Academy

San Francisco, California ([siehe Karte](#))

The instructional program at Cornerstone Academy not only sets high standards, but also recognizes student diversity in learning styles and rate of achievement. The goal of developing students to their highest potentials is achieved by making explicit intended outcomes, consistently assessing student progress toward the outcomes, and giving assistance as needed. The school's curriculum and recommended course of study exceed most minimum requirements by most major colleges and universities. They also provide a balanced education by exposing the students to the fine arts, such as drawing and music. Being a Christian school, they mandate that the students take classes that would broaden their understanding of the Bible and the role it plays in their lives.
