

The Newman School

Boston, Massachusetts ([siehe Karte](#))

From the very beginning of their secondary school experience, Newman students are engaged in the process of becoming educated adults through their interaction with the exciting environment of one of the world's greatest cities, Boston. At Newman, we will challenge you to grow, both intellectually and personally. We care what sort of person you will become, and we passionately believe that you have a contribution to make. We are certain that, for you to make that contribution, you need to learn to challenge yourself, to lead others, and to learn from others. We are a college-preparatory school, and a broad selection of course work at the Advanced Placement level helps students to demonstrate their capability for success in colleges and universities.
